R. R. BOARD TO ORDER WAGE CUT

Conditions Justify Readjustment, Formal Statement Says

TO DECIDE JUNE 1

Cases Yet to be Heard Will be Acted Upon Month Later—Two Million Affected

Chicago, May 18.—The United States Railroad Labor Board late today announced its intention of revising downward the wages of more than 1,000,000 unskilled rail workers, effective July 1. The amount of the decrease will be made public June 1.

At the same time the board announced that it would hold hearings June 6 regarding proposals by the roads to decrease the wages of other classes of employes and would also make its decision in these cases effective also July. A similar decion in the case of skilled workers would mean a cut in the pay of practically every railway workers in the country July 1 and would affect approximately 2,000,000 men, it was pointed out.

The announcement today which said that "prevailing conditions justify to some extent, yet to be determined, a readjustment downward of wages" was entirely unexpected, and came only a few hours after the close of the hearings which have been in progress since early in April. Neither the roads nor the representatives of the unions had expected any announcement for several weeks.

On July 20, 1920, the board rendered a decision increasing the pay of all classes of railway employes approximately 21 per cent., or about $600,000,000 a year.

Today's announcement that the board felt that "prevailing conditions" justified a revision downward in wages was the first indication of its attitude on the wage question.

The text of the board's statement follows:

"Whereas, under date of April 6, 1921, the United States Railroad Labor Board adopted a resolution which recited, among other things, that in the judgment of the board it is desirable to hear at one time and decide in one decision, so far as may be possible, the question as to what may constitute just and reasonable wages for all classes of employes of carriers parties to decision number 2 as to whose wages there may be disputes; and,

"Whereas the board has now heard the evdence and arguments of both parties to all such disputes which were filed and dockete dprior to April 12, 1921, but since said date a large number of applications for decision on similar disputes have been filed and there are reasonable grounds to believe that still other such applications are about to be filed; and

"Whereas the Railroad Labor Board has this day, by formal resolution, declared that in its judgment, based upon the evidence before it in the disputes already heard, prevailing conditions justify to some extent yet to be determined a readjustment downward of the wages of the employes of the carriers which are parties to the disputes already heard by the Labor Board; therefore be it

"Resolved. 1. That this board will on June 1, 1921, announce its decision, covering the disputes as to wages between carriers and their employes, which have been heretofore heard by the board, to become effective July 1, 1921.

". That Monday, June 6, 1921, be set as the date when this board will hear the representatives of the parties to disputes filed since April 18 1921, or which may yet be filed and docketed prior to June 6, it being the purpose of the Railroad Labor Board to make its decision of the disputes heard June 6, 1921, effective July 1 1921."

Railroad executive and representatives of the employes refused to comment on the board's announcement.

The board also announced a new and comprehensive classification of railroad labor to be used as the basis for the collection of data for the settlement of disputes that may come before the board in the future. The new classification, the board announced has been filed with the Interstate Commerce Commission and became effective April 18.

Under the classification the positions on steam railroads are grouped in 17 major services, the services are subdivided into 119 groups, and with in the groups are distinctive class titles and separate grades.

SALVATION ARMY APPEALS FOR $6,200

Campaign For This Work Has Opened In This City

ALL URGED TO GIVE

Advisory Board Has Been Organized Here—Letter From President Harding Quoted

This is Salvation Army Week and a review of the work done in this city for the year ending March 31, last is the strongest argument why the local corps should be supported by our citizens. During last year approximately $4,000 was spent in the work of the Army and the up-keep of the property on King Street. More than half of this amount was advanced from the Home Service Fund, or not contributed by those of this city.

The most ardent and generous supporters of the Salvation Army are those who know the most about it. First of all those who know the most of it are those who are in it. Its ramifications reach everywhere and there are few, if any, stages of human need that it does not reach.

A community Advisory Board has been organized in this City. This Board is a comprehensive committee of citizens which represents the Army and the public in the practical solution of the more aggravated problems seldom understood by the mind untrained in the scientific treatment of such cases and which is responsible for providing the community share of Salvation Army maintenance.

An active campaign is now being made to secure $6,200, being the amount of the budget for the year 1921-1922. It is hoped that the committees in charge of this work will receive prompt and substantial co-operation from every resident of the city. The work of the army abroad in war and at home during the period of war and in peace has earned and received the confidence of everybody. A letter from President Harding, under date of April 8, 1921, reads.

"Having seen very much of the useful and patriotic work of the Salvation Army in all parts of the country and having an opportunity to familiarize myself with its work both here and abroad during the war, I am very glad indeed to give my endorsement to your campaign for the extension of its work. The Salvation Army surely deserves well of all appreciative and loyal Americans, and I wish you all success."

It is hoped that many will anticipate the committees and will send their contributions direct to the treasurer, C. S. T. Burke.

DOLLAR DAY A BIG SUCCESS

Stores Thronged All Day With Shoppers For Bargains

MANY FROM SUBURBS

All of the Participants in the Affair Both Shoppers and Merchan's Well Pleased

The biggest and best Dollar Day ever held.

The foregoing, is the unanimous verdict of practically every merchant participating in today's big Dollar Day Sale.

With ideal weather conditions prevailing, there was positively nothing to mar the big bargain event.

Before 8 o'clock this morning the crowd was on the streets and it continued to increase in number throughout the forenoon and well in to the afternoon. The sale will be continued till the participating stores close tonight.

Some of the stores were so packed that the crowds had to wait on the outside. The shoppers came out from every section of the city and incoming electric trains brought hundreds from the suburbs and in addition many came from points south of Alexandria.

The customers were satsified that they can buy cheaper in Alexandria than elsewhere. It was clearly demonstrated that the purchasing power of the dollar is once more 100 per cent.

Every window in the stores on the streets contained tempting bargains which were eagerly bought by the crowds and the stores carried an endless variety of bargains of all kinds.

The shoppers today were convinced that the bargains offered prove conclusively that the merchants of the city are slashing their prices downward and today they realized more for their Dollar than ever before and all were satisfied with the multitude of bargains offered by the various merchants.

To Entertain Seniors

Ladies' Auxiliary of Y. M. C. A., To Give Reception Friday at Mr. And Mrs. H. B. Caton's Residence

The Ladies' Auxiliary of the Y. M. C. A., will entertain the Senior Class of the Alexandria High School at the home of Mr. and Mrs. Harry B. Caton, of North Braddock., Friday evening, May 20. This will be the second reception given to the high school seniors by the Auxiliary, the plan having been started last year when the class of 1920 was entertained at the home of Mrs. George R. Hill, of South Washington street.

Jack Dinwiddie is president of the present senior class which is a very large one, there being thirty academic and seven business graduates this year. The Auxiliary has asked each senior to invite a guest and the senior faculty together with the principal of the high school and the superintendent of schools and their wives will doubtless constitute a lively party.

Miss Cerrine Reardon is chairman of the special committee of the Auxiliary, having the entertainment of the party in charge. Miss Elizabeth Ramey and the secretary of the "Y" complete the committee.

Mrs. William Wattles is chairman of the refreshment committee and has associated with her enough competent ladies to insure the delicious refreshments for which the Auxiliary is already famous.

Borah Wins Fight

Administration Abandons Its Stand Against His Amendment

Washington, May 18. The Administration unexpectedly abandoned today its fight against the Borah disarmament amendment pending in the Senate in connection with the $500,000,000 Naval bill.

Indications are that the amendment requesting President Harding to open negotiations with Great Britain and Japan for an agreement to curtail naval building will be adopted with very little opposition. The House, in all probability, will agree to it promptly with the Administration ban removed.

The Administration's sudden change of attitude created some surprise in the Senate, although it is believed that the President's purpose to have Ambassador Harvey approach the subject of disarmament before the Supreme Council may have had some thing to do with a change in the Administration's viewpoint.

Numerous disarmament amendments to the Naval bill were offered in the House, but leaders prevailed upon members to vote them down on the plea that they would embarrass President Harding in the direction of international affairs. When the bill reached the Senate, Senator Borah promptly reoffered his amendment and gave notice that he would move to suspend the rules to make it in order. Senator Poindexter, of Washington, acting chairman of the Naval Affairs Committee, conferred with President Harding, and announced that the President wanted an absolutely free hand in the initiation of foreign policy. Several days later the naval committee rejected the Borah amendment.

It became apparent in the last few days that a considerable number of Republican Senators, in conjunction with almost all the Democrats, were determined to support the measure. Furthermore, some of the strongest Administration supporters made no concealment of the embarassment they would feel were they compelled to vote against indentically the same measure which they supported in the last hours of the Wilson administration.

Senator Poindexter wrote to the President describing the situation. He declined to say what reply he had received, but he made this statement:

"I have not received anything indicating any need or reason for making a point of order against or opposing the Borah resolution or amendment, which is the same as the one adopted in the last Congress. Personally I am heartily in favor of an international limitation of armaments upon a basis which will do justice to the United States and not imperil our national safety, and I think that every possible means of bringing that about should be tried. Of course, it would be, I think, very unwise in fact a very great betrayal of our trust, if we abandon the national defense in advance of such an international agreement."

President Harding will confer at the White House Thursday with Chairman Porter of the House Foreign Affairs Committee on the peace resolution situation in the House. In making this announcement last night Mr. Porter said no action would be taken by his committee on the question until after the conference.

Let's All Help in Clean up Week.

It is to be hoped that every citizen will lend their aid in the clean up and paint up week set for June 6 to 13 inclusive. The mayor has issued a proclamation calling upon the citizens to aid in this work of making the city a clean and healthful place in which to live. If everyone will only lend their support to the work during the week designated, Alexandria may well feel proud of the work and incidentally help stamp out diseases that frequently occurs during the summer months, many of which are ascribed as being due in a large measure to unsanitary conditions generally.

A Pronounced Success.

The merchants of Alexandria today demonstrated that the good old dollar once more is 100 per cent. The infinite variety of bargains offered by them showed that they are ahead of the general procession of merchants elsewhere, for they simply slashed the high out of the cost of living and let the people of Alexandria and vicinity see what the good old dollar can do once more. Incidentally their customers were satisfied and it was a great day for the shoppers and merchants of the city. Long live Dollar Day!

Time Limit for German Disarmament Is Fixed Absolutely as June 30

Berlin, May 18.—The time limit for disarmament by Germany is fixed absolutely as June 30 in an Allied note presented to the German Government today. The note, which concerns execution of the recent ultimatum, demands that the organization of the German Army of 100,000 be brought into conformity with the peace treaty by June 15, superfluous munitions and unauthorized fortress equipment surrendered by May 31 and all arms in possession of civilians by June 10.

Germany is required to indorse, by May 30, the list of munition factories authorized by the Allies and stop the output of unauthorized factories. The note further deals with the question of police and demands a reduction in all classes of police to a total of 150,000 by July 15.

NAME ON HONOR ROLL AND SLACKER LIST, TOO

Buffalo N. Y., May 18.—Just after the name of John T. O'Neil appeared on a War Department "slacker" list. Edward O'Neil, his father, received from Washington a war memorial signed by former President Wilson, bearing his son's name and official notification that the young man's body was being removed from its burial place in France to Buffalo.

O'Neil was a member of the Three Hundred and Seventh Infantry. He was killed October 12, 1918, in the Argonne. He was drafted with the first contingent in 1917, according to his father, and went to Camp Upton. From there he was sent over sea.

On the same "slacker" list with the name of John T. O'Neil there appeared the name of his brother, Joseph, who, according to Mr. O'Neil, enlisted in the Marine Corps early in the war and saw extensive service overseas.

MOTHER HEARS SHOT;

Pittsburgh, Pa., May 18.—Harry Rieger was shot and killed today by an unknown person.

Police are of the opinion that robbery was the motive for the crime. A watch and pocketbook belonging to the dead man are missing, according to the authorities.

"As in the greatest cities so in his own home town—the U. S. Tire-user gets fresh, live tires of current production."
THE U. S. CHAIN TREAD
One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.
The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.
"In every section, however remote, you find a dealer in fresh, live U. S. Tires."
Economy rides on U.S. Tires—
IF you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.
Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.
* * *
As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.
Not merely in the big cities, but in his own home town.
Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.
* * *
Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.
U. S. Tires sell as fast as they are made.
There is no over production. No surplus piled up waiting for a "market."
Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.

Investigate Case

Miss Markley Had Pawn Ticket For Watch Dated Alexandria

Chief of Police C. T. Goods today received a telegram from Acting Chief Inspector Murphy of the New York police department, asking about a pawn ticket found on Miss Mildred Markley, now in a New York hospital suffering from poison. The police learned that the watch was pawned here for $15, and it is engraved, "Mildred From Daddy."

Miss Markley is not known in Alexandria.

Miss Markley hails from Rockville, and is 21 years old.

Attaches at the Flower Hospital, New York City, where the young woman was given treatment, last night reported that her condition was slightly improved, but that she was still in a critical condition.

WEALTHY NONAGENARIAN SHOOTS SELF AT BEACH

Atlantic City, Mo., May 18.—Fatally wounding himself in an attempt at suicide, William Warnock, 92 years old, said to be a wealthy Philadelphian, is in a dying condition today in the Wagoner Hospital, a private institution.

He shot himself with a 22 calibre revolver in his fashionable $175 a month apartment, at Maryland avenue near the Boardwalk, where he has led a hermit like life. His neighbors knew little about him.

The aged man has lived here for the last six years. He has been in ill health since 1919. His only visitor the past two years has been the janitor, who took him one meal a day. The police found the apartment littered with scraps of food and other debris which Warnock would not let the janitor take away.

Mrs. Sol Nathanson, occupying an apartment next to that of Warnock, heard a pistol shot yesterday afternoon and summoned the janitor who found him with a bullet wound in his head just above the right temple. The wounded man was hurried to the hospital where he was operated upon. He has not regained consciousness and no hopes are held for his recovery.

Little is known of Warnock here. A woman relative, believed to be his sister is Mrs. Clara Grismer, 130 Hollywood avenue, East Orange. Another sister whose name is not known here lives somewhere in Philadelphia. Warnock was always well supplied with money from a Philadelphia source.

Police Trying to Link up Reid And Elwell Shootings

New York, May 18.—Investigation of the shooting on Sunday of John H. Reid, described as wealthy manufacturer, in the home of Mrs. Hazel Davis Warner turned today to a scrutiny of evidence gathered in the Joseph Bowne Elwell case in the hope the two cases may be linked up.

District Attorney Glennon, of the Bronx, announced he is planing to request District Attorney Swann to hand over to him the little black book found in Elwell's apartment in which were the names of more than 90 women.

One significant similiartiy suggested by the police is that of the name of Helen Davis, who was sought in the Elwell case, but never was found, and that of Mrs. Warner, who at various times was known as Helen Davis, She was Helen Davis when she married Warner.

According to the police investigating the Reid shooting, a similarity of events attended the two cases. Both took place in the morning, the same type and make of automobile was mentioned in both cases, the principals frequented the same Broadway resorts and addresses found in the effects of Mrs. Warner are similar to the addresses in the Elwell evidence.

Detectives today are centering their activities in the White Light district and are rounding up every friend of Reid and Don Collins, the escaped gambler who is being sought by the police.

Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power, by electricity, approved July 25, 1906 and which reads:

"The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the award to him or them of the electric lighting franchise and in further consideration of the agreement as above set forth, shall furnish electric current for light, heat and power to all consumers in the City of Alexandria, who will pay for the same monthly at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

will be considered by the said City Council, and the following ordinance looking to the amendment of said section of said ordinance, will be presented to the said City Council at that time and place for its consideration and if approved will then be adopted, by which amendment the rates now charged as above provided for will be changed as shown in the proposed amendment as set out below.

The said proposed amendment is as follows:

An ordinance to amend an ordinance entitled "An Ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this City of light, heat and power, by electricity, which was approved July 25, 1906."

Be it ordained by the City Council of Alexandria, Virginia:

Section 1. That paragraph 4 of an Ordinance entitled "An ordinance empowering and instructing the Mayor of the City of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this City of light, heat and power, by electricity, approved July 25, 1906" and reading as follows:

"The said contract shall further provide that the said Edward E. Mandeville, his successors or assigns, in consideration of the award to him or them of the electric lighting franchise and in further consideration of the agreement as above set forth, shall furnish electric current for light, heat and power to all consumers in the city of Alexandria, who will pay for the same monthly, at a price not to exceed twelve (12c) cents net per kilowatt for the first kilowatt and seven (7c) cents net per kilowatt for each succeeding kilowatt."

be amended and re-enacted so as to read as follows:

"The said contract by and with the consent of the City Council of Alexandria, Virginia, and the Alexandria County Lighting Company, the successor of the said Edward E. Mandeville, shall be modified and reformed so as to provide that the rate for residential and commercial users in the City of Alexandria for electricity furnished by the Alexandria County Lighting Company shall be as follows:

First 5 kilowatt hours consumed per month $1.00

(Which shall be the minimum monthly bill)

Next 300 kilowatt hours used per month 8c per K. W. H.

Next 500 kilowatt hours used per month 7c per K. W. H.

Next 800 kilowatt hours used per month, 6c per K. W. H.

All in excess of 1605 K. W. H. per month 5c per K. W. H.

On all bills paid within ten days of date of bill a cash discount shall be allowed of 5 per cent on the first $25.00 of the monthly bill, and 1 per cent on the balance.

"If, at any time after the passage of this ordinance either party is dissatisfied with the rate as above fixed, and the said City Council and the said Alexandria County Lighting Company, its successors or assigns, cannot forthwith agree upon some other mutually satisfactory rate, the party dissatisfied may, upon ninety (90) days notice in writing to the other party, call for an arbitration, whereupon said rate shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said Alexandria County Lighting Company, its successors or assigns, and the third (in case of a disagreement by said arbitrators) by the two so appointed; or in the event of the two being unable within twenty (20) days after the date of the appointment of whichever of the two was last appointed, to agree upon a rate, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed by the then Judge of Corporation Court of the City of Alexandria, Virginia, and the determination as to rate of a majority of the three so chosen, shall be binding upon the parties hereto, their successors or assigns, until the rates shall again be changed by mutual consent or by another arbitration. Neither party shall be permitted to call for an arbitration until after the expiration of six months from the going into effect of the rate, concerning which arbitration is desired. Any expense incurred for the compensation for such arbitrators shall be borne by the said City Council of Alexandria and the said Alexandria County Lighting Company, its successors or assigns, equally.

Section 2. The Mayor of the City of Alexandria is hereby authorized and instructed to enter into a contract with the Alexandria County Lighting Company, its successors or assigns, in order to put into effect the provisions of this ordinance. The said contract to be in force for one year from the first day of June, 1921 and then the original contract to be in force unless it shall be otherwise changed by the City Council.

Section 3. This ordinance shall be in force from its passage.

THIEVES STEAL $7 FROM WATCHMAN'S WODEN LEG

New Orleans, May 18.—Police today are trying to find the party who robbed George Miller, a night watchman, of $7, which was hidden in a secret recess of his wooden leg.

Miller reported to the police that he fell asleep last night and that some one took his watch and chain and entered his bank and got $7. He is puzzled to know how the robber secured the combination.

GIRL DECOYS USED IN BUILDING GRAFT

Chicago, May 18.—Girl blackmailers as aids to union business agents in their extortion schemes today presented a new angle to the building trades graft which the Dailey commission is investigating.

According to one case presented to the commission, the superintendent for a firm of architects refused to "kick in" with a large sum of money demanded of him.

A few days later he became acquainted with an attractive young lady. They became good friends, and the result was a trip to a Loop hotel, where he bought her a number of drinks.

The next day the business agent vowed that the superintendent had been out with his girl and that there would be murder soon. The superintendent offered to settle with money but the agent would hear nothing of it.

"You leave the city, or we'll tell your wife," he said.

Fearing an expose, the superintendent left for Oklahoma. The business agent then removed negotiations with the architects and collected the graft.

LEGION WOMEN PROTEST HASTE IN DISARMING

Washington, May 18.—A memorial urging that there be no undue haste in adopting a policy of national disarmament, was presented to President Harding today by a committee of the Woman's Auxiliary of the American Legion from New Jersey.

"The women who have been so closely touched by war," the petition said, "prefer to pay for armament of a size and efficiency which will make all nations hesitate to attack us, rather than to pay vastly more dearly, not only in money, but in lives, in a war of unprepared against well prepared forces."

The delegation was headed by Mrs. O. D. Oliphant, of Trenton.

WOMAN FACES MURDER AND ABDUCTION CHARGES

Detroit, May 18.—Mrs. Elizabeth Lewen, 58 years old, held at the women's detention home since Saturday on a charge of abducting Max Earnest, six years old, faced a charge of murder today following the finding last night of the boy's body. The lad had been strangled and the body thrown into a marsh on the east side where two boys found it while picking dandelions.

After he had questioned Mrs. Lewen several hours, James Inches, police commissioner, who took personal charge of the case today, declared he was "thoroughly convinced Mrs. Lewen killed the Ernest child". The woman Commissioner Inches said, had admitted that she was in the vicinity of the marsh last Wednesday, the day Max disappeared while on his way home from school.

When taken to the morgue last night, Mrs. Lewen declared she did not recognize the body.

OLD CLOTHES WEEK FOR NEAR EAST RELIEF

The Near East Relief has designated the week of May 29th to June 5th as 'Old Clothes" week in Virginia and will collect cast off clothing for the destitute and starving in Armenia and Syria, it was announced today by Oliver J. Sands, State Chairman.

Claude W. Hopper, State Director, who holds the same position for the State of North Carolina, has just returned from Raleigh where he enlisted the services of Josephus Daniels, former Secretary of the Navy, to organize the "Old Clothes" drive there.

Mr. Daniels has designated June 1st as the day to collect old clothes in North Carolina. Mr. Sands, though handling the financial campaign in Virginia also, will also handle the "Old Clothes" drive in the Old Dominion.

"The continued persecutions to which these people have been subject," declared Mr. Sands, "makes an imperative call to America to send relief. Their present pressing need is clothes, and clothing that has been worn will be most acceptable. Virginians have never yet turned a deaf ear to the cry of distress.

"If we knew the near nakedness of these people none of us could provide comfortable clothes for our own children without at the same time sending something to wear to these people who live in the most war afflicted part of the world."

CAPTURE OF "HEN" GREEN ENDS LONG STATE HUNT

Lancaster, May 18.—"Hen" Green, notorious outlaw of the Welsh mountains, who has been sought for many months by the authorities of Lancaster and Chester counties for numerous offenses, including felonious assault, was arrested today in one of his mountain retreats by members of Troop E, State Police.

Green has terrorized the "hill" district from time to time and has frequently evaded arrest. Upon one occasion he fought a gun battle with a posse on a Chester county farm and escaped.

hasn't changed a bit

THESE are days of change—of innovation—of imitation.

It's good to find one thing that hasn't changed a bit—Piedmont Cigarettes.

The same fine native tobacco, the same lively, appetizing flavor, the same mellow fragrance that has kept men smoking Piedmonts, and nothing else, for so many years—it's all there. Hasn't changed a bit.

After all, there's nothing like "down-bome tobacco" for cigarettes.
